Legacy21, Inc. Vision:

Legacy Preparatory Charter Academy will serve as a model school of excellence, addressing the diverse needs of students, their families, and their communities, as we prepare all students to be college- and career-ready leaders through imparting knowledge, developing intellectual and emotional independence, and instilling moral values that will prepare them for 21st century achievement.

Dr. Rebecca Good,
Superintendent

Health and Medical Information

Dear Parent/ Guardian,

We are excited and ready for our upcoming school year. Just to prepare you, we have some basic information you will need to know.

Medications - No medication can be kept with a student until cleared through the health clinic with a physician approval. This includes any over the counter medications (eye drops, ointments, pain medications, etc). If there is a medication that your child is to receive during school hours please fill the PERMISSION FORM FOR PRESCRIBED MEDICATION out completely and return it to the office. This form must have a physician's signature. The medication must be in the original prescription container. The dosage must be indicated on the container. The prescription will only be administered to the person whose name is indicated on the container. All medication will be kept locked in the health clinic.

Health Screenings - Legacy Preparatory Charter Academy will be conducting health screenings for grades Kindergarten, 1st, 3rd, 5th, & 7th. These state mandated screenings will consist of Vision, Hearing, and Acanthosis Nigricans (Texas Risk Assessment for Type 2 Diabetes in Children). 6th and 9th grades will receive the Scoliosis screening.

Asthma - All students with asthma that require an inhaler, need to fill out the "Permission Form for Prescribed Medication" and the "Asthma Action plan".

Epilepsy - All students with a diagnosis or history of seizure/ epilepsy need to have the "Seizure Action Plan" and "Parent Questionnaire Seizures" filled out.

Allergies/ Anaphylaxis - If your student has a food allergy or anaphylaxis, please fill out the "Food Allergy & Anaphylaxis Emergency Care Plan" and Request for allergy free table in cafeteria form. If your child requires medication at school, please fill out the "Permission Form for Prescribed Medication" form.

All the forms mentioned above are available on the school website. Please notify the school health team if your student has a new medical diagnosis, food allergy, new immunizations, or any changes in their medical condition throughout the school year. If you have any other concerns, please feel free to contact us.

Sincerely,

School Health Team

Legacy Preparatory Charter Academy
