

Will the district provide masks to students and staff?

Yes, the district will continue to provide masks when a student forgets, and sanitizer will continue to be available at district schools and facilities.

What is Legacy Preparatory Charter Academy doing to encourage vaccinations?

The district is increasing its push to encourage all to get vaccinated. We will hold our next series of vaccinations August 31 in Plano & Mesquite.

Students Who Are Close Contacts?

For individuals who are determined to be close contacts, a 14-day stay-at-home period was previously advised by the CDC based on the incubation period of the virus. CDC has since updated their guidance, and the stay-at-home period can end for students experiencing no symptoms on Day 10 after close contact exposure, if no subsequent COVID-19 testing is performed.

Will Students be able to attend school virtually if tested positive for covid during quarantine?

During the stay-at-home period, the school system may deliver remote instruction.

Our Vision:

We develop and inspire innovative, critical-thinking scholars who influence our global society.

Will the school provide Covid Testing?

Yes, LCPA will provide Covid Testing for our staff and students. Students must have a completed consent form filled out. Please view the website for more details

Students who have *COVID-19*

As provided in this Department of State Health Services (DSHS) Rule, school systems must exclude students from attending school in person who are actively sick with COVID-19 or who have received a positive test result for COVID-19. Parents must ensure they do not send a child to school on campus if the child has COVID-19 symptoms or is test-confirmed with COVID-19, 2 until the conditions for re-entry are met.

Essential worker and I can't supervise my kids to do work online on a daily basis. Can we bring students to the campus?

As long as the school remains closed there will be no face to face. The school will reopen on August 30, 2021 for face to face.

Should students have rapid Covid - Test? Should students have a negative test before reopening of school August 30, 2021

If your child was exposed to Covid - 19 you would need to provide negative test results to resume back on campus or quarantine for 10 days. It is highly recommended your child has a test.

Are masks not required?

This is a fluid situation and is changing daily. We will continue to confer with our legal counselors and continue to update parents. The district strongly encourages all staff and students wear a mask to help prevent the spread of the COVID-19 virus.

Our Vision:

We develop and inspire innovative, critical-thinking scholars who influence our global society.

LCPA is committed to keeping our students and staff safe. The school district has protocols in place to make each building a healthy environment.

- Nurses at Each Campus
- Masks and Available at All Building
- Continued Contact Tracing
- Rapid COVID Testing

The safety of our students and staff is our top priority. We will continue to monitor the situation and keep you updated.

What happens once students return back in class on August 30, 2021 and cases continue to rise?

Once we return we will evaluate the situation. If a child has a positive case we will provide virtual instruction. We will need a confirmation of a positive test to allow your child to participate. They may only participate for 20 school days in one school year.

What are the current Covid-19 safety protocols for my school district?

Campus Safety Supplies

- Disinfectant wipes, disinfectant spray, and hand sanitizer
- Disposable masks will be available upon request
- Disposable gloves will be provided as needed

Cleaning, Sanitizing and Disinfecting

Maintaining a safe and healthy environment is a top priority in our schools. The district will continue the daily cleaning of all facilities, with special attention given to specific high-use areas such as door handles, knobs, and buttons. We will utilize safe and effective products that comply with recommendations from the Centers for Disease Control (CDC) and the Environmental Protection Agency (EPA). Cleaning and disinfection will be following the Department of Environmental Health and Safety Standard Operation Procedures and recommendations.

The district will continue to utilize disinfectant spraying systems to prevent the spread of COVID-19. The disinfectant is a safe, environmentally friendly, and powerful disinfectant product. It systematically removes and destroys dangerous microorganisms in the environment.

Our Vision:

We develop and inspire innovative, critical-thinking scholars who influence our global society.

The disinfectant product contains a protective polymer that inhibits the growth of germs for up to 90 days.

Campus custodians have received professional development on the process of deep cleaning facilities. In addition, they have received training should a confirmed case of COVID-19 be identified on campus or specific site requiring it to be closed for a designated amount of time as recommended by the CDC.

Getting the Vaccine

COVID-19 vaccines are believed to be safe and effective at preventing severe illness. To find a COVID-19 vaccine near you, you can visit [vaccines.gov](https://www.vaccines.gov).

Self-Screening

Students, staff and visitors should self-screen before going to a district facility by checking their temperature and determining if they have any of the following new or worsening signs or symptoms of possible COVID-19:

Cough, shortness of breath/difficulty breathing

Chills/repeated shaking with chills

Muscle aches/body aches/fatigue

Headache

Sore throat

Congestion or runny nose

Loss of taste or smell

Nausea/vomiting/diarrhea

Fever of 100.4 or greater

Known close contact with a person who has COVID

Students running a fever of 100.4 or higher, or feeling ill, should stay home and not report to school.

Contact your child's campus to notify them of your child's absence. Staff running a fever of 100.4 or higher, or feeling ill, should stay at home and not report to work/school. Make sure to contact your healthcare provider, if needed, and notify your supervisor regarding your absence.
